

NA3348 GIANT COMBI

THE SOFT-SERVE AND THICK MILKSHAKE MACHINE THAT DELIVERS OPTIMUM ASSURANCE AND TOP PERFORMANCE!

The Nissei NA3348 is the perfect combi soft-serve and thick milkshake machine for locations with high-volume sales and high demand for ice cream and thick milkshakes. This foot-operated machine has 2 separate taps for excellent ease of use. If you select the optional Twister paddle, you can amaze your customers with nearly endless variations on soft-serve ice cream with nuts, toppings and even fresh fruit.

With its double-walled, 3.4 liter freezer cylinder, the machine delivers excellent performance even at your busiest moments. It allows you to treat your customers to delicious soft-serve ice cream or a creamy, refreshing thick milkshake with a very high overrun, ensuring you the maximum return on your soft-serve and thick milkshake products.

Nissei soft serve machines are known for their high capacity, compact size, quiet operation, low maintenance costs, long lifespan and ease of use. All machines come equipped with an energy-saving pasteurization system and require disassembly just once every 6 weeks.
